

**D.C.C**  
Development for Community Centre  
Prekto Village, Stung Mean Chey

## History

DCC stands for Development for Community Center which was changed from Dump School in 2013. DCC has established since 2010, located in Stung Meanchey area in the house of Mr.Bophal's Father in Law (Mr.Bophal is currently the School Manager). Every part of his house was designed into classrooms. In 2017, a new school was built by **HELP+Cambodia** (current center).

## Mission & Vision

We are aiming to help improve the life quality of our community by delivering the quality of education to our young people so that they can contribute back to their families as well as their community for positive changes. We are currently running multiple classes such as Equivalency, English and Computer class and so on...

### HELP+Cambodia's Visit

A main visit from **HELP+Cambodia** to our school on 13 Nov 2019 marked as the very memorable this year. They started the day of the visit by exploring our community then a presentation about DCC delivered by our senior students as well as the amazing performances by a new generation. We are looking forward to seeing the next visit.

### Associate Degree Graduation

Congratulation to Ken Sothida, our best senior student who has just graduated an Associate Degree of Law from Phnom Penh International University (PPIU) in August and now she is on the way to complete her bachelor degree. Thida is one of our first-generation university students. We are very proud to have her in our school and the community.

### Distinguished Scholarship

Presently, one of our best senior students, Un Mengtong just having completed high school with the amazing result. Mengtong got a grade C from the national exam which is impressive and We are very proud of him. Additionally, after winning the full scholarship program, Immediately, he pursues an education at Kirirum Institute of Technology (KIT). He is now the freshman and fulfils his desire of being a computer scientist.
