## DCC During Covid-19 Pandemic

### Distance Learning for Preschool Kids

Due to the pandemic of COVID-19, all the public and private schools are forced to close until we are instructed by MOEYS (Ministry of Education Youth and Sport) to apply new learning method called "Distance Learning" which we help our preschool students study once a week and pick up their homework to do during the week. We are doing the best to help our preschool students.

### Online Class for Senior Students

Quite different from our preschool students, our seniors have applied online-learning through internet by using Google Hangout. We really appreciate the enthusiastic of our students to keep learning during this hard time. They come to DCC by using our Computer Lap every evening to join the online class with our teacher. We would like to provide the most we have to our students regardless of what happen.

## 2020 Activities and Achievements

### Donation during COVID-19 Pandemic

During the Pandemic of COVID-19, a lot of families, in our community, are facing unemployment. They live in a very struggle time. we manage to donate some foods and rice to our community during this hard time. We are grateful to those donations. We are thrilled to help the community and see them light up the smile that donation helps them carry on with the situation. Thank [HELP+Cambodia](#).

### Going to University

Regardless of COVID-19, This year we have quite a successful year. The four more of our students are going to graduate from high school and continue to go to university. We have three young ladies and a young man who are going for different majors and universities. We are really proud of them. we will help them get ready for their next paths of lives.

### Bachelor's Degree Graduation

One of our senior students having been with us for almost 6 years, Mr. Phai Soheadaro has finally graduated from RUPP (Royal university of Phnom Penh) with bachelor degree in Hospitality and Tourism. He is such a strong and incredible young man as he turns out. We are really proud of this success as he is our first student to graduate from University. We wish him all the best for his next stage and we will have more of him coming up.
